3DL CUSTOMS & CONSULTING

Decidedly Different, That's Our Promise.

At 3DL, we believe in delivering more than just routine customs clearances. While others focus on high-volume, transactional work, we prioritise accuracy, compliance, and accountability with every entry and every piece of advice. We are committed to getting it right the first time — which means fewer delays and fewer complications for you and your customers.

- **Specialised Focus:** We are not freight forwarders. We specialise solely in wholesale customs broking and consulting.
- **Extensive Expertise:** Our licensed brokers have an average of 30 years' experience, bringing a level of knowledge that newer brokers simply can't.
- **Local, Skilled Professionals:** We only employ onshore staff, ensuring that your business is supported by local professionals dedicated to protecting Australian borders.
- **Accuracy Over Volume:** Our priority is accuracy and accountability, not transaction volume, which means we focus on getting it right, the first time.
- **Border Force Expertise:** Our team includes ex-Border Force staff, providing practical insights and interpretation of complex compliance requirements.
- **Proven Compliance:** As an Australian Trusted Trader, and approved to use the AEP COMM system, we demonstrate proven compliance time and time again.
